

# SANDBRIDGE

## HARDWOOD

Mohawk is pleased to announce the introduction of the Sandbridge Longer/Wider flooring collection to our hardwood product assortment. The Sandbridge collection showcases the natural beauty of hardwood with ample amounts of natural character including cracks, knots, and splits included in the floor. This natural character is further enhanced by soft wire brushing and a beautiful color assortment in longer, wider planks of 4", 6", and 8" that displays the beauty of this collection. Available in Oak and Hickory, the Sandbridge collection provides a beautifully blended assortment of rich browns and unique natural tones that provide an aesthetic flair to the collection. Sandbridge also combines Mohawk's ArmorMax™ Finish Technology with EasyCare™ built-in protection, which offers the industry's most durable coating system and stain resistant finish. The blend of ArmorMax™ Technology with EasyCare is a tested and proven protection that is up to five times more resistant to wear than other similar extended wear finishes. Built-in protection prevents day-to-day grit and grime from building up. This gives the customer both long lasting durability and ultimate cleanability and is backed by a 50 year finish warranty.

Cover: **NATURAL HICKORY** MEC90-10
