

WEATHERED ESTATE

HARDWOOD

We are pleased to announce the introduction of the Weathered Estate collection. This gorgeous color palette is comprised of five new colors that highlight the visually rich hickory specie. Heightening its appeal is a very low-gloss finish on a soft scraped and chattered surface which gives the collection a rustic, weathered look that is sure to fit in any customers home.

The Weathered Estate collection is comprised of 3", 5", and 7" widths boxed together. This collection is available in our Tongue and Groove platform and is backed by a 25 year finish warranty.

MOHAWK[®]
