

WEATHERTON HICKORY

TECWOOD

We are excited to introduce the Weatherton Hickory collection to our hardwood product assortment. Weatherton Hickory features a multi-stain antiquing process for enhanced depth and richness, as well as a fashionable color palette of warm brown and gray tones to beautify any space.

With its distinctive knots and naturally dramatic character, the hickory species offers a rustic, yet stylish appeal. A softly scraped and chattered surface adds a touch of vintage sophistication to the line, designed to complement a variety of decorating styles.

Weatherton Hickory includes the built-in protection of EasyCare™, preventing day-to-day grit and grime from building up for easier maintenance. And the collection is made in America with our patented Enhanced Engineered Construction™ for quality hardwood floors that are built to last.
