

RECLAIMED CHIC

LAMINATE

Combining industrial, reclaimed inspiration with the growing popularity of washed, glazed and painted hardwood, Mohawk's Reclaimed Chic Collection lends a natural, aged feel to today's fashion-forward designs. Available in three eye-catching shades—Golden Honey, Silver Ivory and Grey Shadow, these saw-cut planks feature a ceruse finish for a more sophisticated, subtly distressed look. Unmatched hardwood realism is captured in single plank visuals complete with EIR texture and a matte finish. Featuring milled bevel edges and ends, Reclaimed Chic is available in 6 1/8" x 47 1/4" x 12 MM plank size.

With ScratchGuard Advanced Finish, the Reclaimed Chic Collection ensures that your laminates remain more resistant to micro-scratches. And by featuring UniClic® technology, the industry's leading glueless locking system, installation is quick and easy. This amazing locking system also helps prevent water damage and warping. Floating installation allows for convenient installation of floors, above or below grade. The Limited Lifetime Residential Warranty guarantees that once installed, these stunning floors will stay that way. With Reclaimed Chic, consumers capture stylish hardwood appeal without the rustic heaviness of the past.
