

AMERICAN HERITAGE

HARDWOOD

American Heritage adds a rustic antiqued flooring collection to our Hardwood product assortment. The stunning collection showcases a beautifully weathered appearance to the planks and resembles the uniqueness of reclaimed wood. Striking knots and dramatic character marks from the oak and hickory species further emphasize the depth and texture of this antiqued flooring. American Heritage offers a unique and rich color palette of two-toned fashion forward colors and is constructed on our Enhanced Engineered Construction.

Available in Oak and Hickory species, the American Heritage collection provides a diverse mix of natural character to the line, while light wire brushing gives a distressed elegance to the floor. American Heritage also combines Mohawk's ArmorMax™ Finish Technology with EasyCare™ built-in protection, which offers the industry's most durable coating system and stain resistant finish. The blend of ArmorMax™ Technology with EasyCare is a tested and proven protection that is up to five times more resistant to wear than other similar extended wear finishes. Built-in protection prevents day-to-day grit and grime from building up. This gives the customer both durability and ultimate cleanability and is backed by a 50-year finish warranty. Mohawk is proud to offer this MADE IN AMERICA product.
