TECWOOD

Mountainside Creek, a new hardwood collection from Mohawk, offers a lightly wire brushed hickory in five traditional and fashion forward hues to complement any decor.

The 3/8" planks are 6.5" wide and feature our Craftsman Cut. The hickory is sawn and random matched to reveal more of the wood's natural beauty and unique character, as often found in fine Craftsman furniture.

TruFinish™ with EasyCare™ provides built-in protection that prevents day-to-day grit and grime from building up for the ultimate in cleanability. Mountainside Creek is proudly made in the USA.
